Miscellaneous Docket No. 119

---

On Petition for Writ of Mandamus to the United  
States District Court for the District of Delaware in case  
no. 10-CV-1067, Judge Leonard P. Stark.

**ON PETITION**

Before BRYSON, MAYER, LINN, *Circuit Judges.*

PER CURIAM.

**O R D E R**

Trend Micro Incorporated, Trend Micro, Inc. (USA),  
Check Point Software Technologies Ltd., Check Point  
Software Technologies, Inc., and Symantec Corp. (collec-  
tively, Trend Micro) seek a writ of mandamus directing  
the United States District Court for the District of Dela-  
ware to vacate its order denying Trend Micro's motion to

transfer venue, and to direct the Delaware district court to transfer the case to the United States District Court for the Northern District of California.

We deem it the better course for Trend Micro to first move the district court for reconsideration of its order denying a transfer of venue in light of *In re Link\_A\_Media Devices Corp.*, 662 F.3d 1221 (Fed. Cir. 2011). We therefore deny Trend Micro's petition for a writ of mandamus without prejudice to refileing.

Accordingly,

IT IS ORDERED THAT:

The petition for a writ of mandamus is denied without prejudice.
